Northampton's Core Cask Partners

Partnerships

Adnams

Adnams Brewery has a long and rich heritage. Beer has been brewed on the same site as the present brewery for at least 670 years. We're proud of our long history of brewing, and we are constantly experimenting with new, innovative techniques. We've developed a network of great friends all over the brewing world, and we're keen to share our knowledge and learn from others too.

Adnams brews a range of beers which reflect our heritage but also challenge conventions. Each one has its own unique and vibrant character that will appeal to drinkers who cherish individuality and seek out beers with personality and style. We use locally-grown East Anglian grains of malted barley, rye, wheat and oats wherever possible, and deploy a number of different hop varieties from Britain as well as across the world – all of which contribute to our beers' individual characters.

Black Sheep Brewery

In 1992, Paul Theakston dared to follow his heart and build a new brewery from scratch following the takeover of his family's brewing firm. Paul dreamt of a perfect tasting, quality Yorkshire bitter - light amber, grassy fresh with a hoppy bite - and Black Sheep Best Bitter was born. It has been and remains a top ten best selling beer brand nationwide, is by far the biggest selling beer brewed by Black Sheep and is the official beer of Yorkshire County Cricket Club.

The sixth generation of the Theakston family brewing heritage is now proudly part of the Black Sheep story with Paul's eldest two sons, Rob and Jo, now running the business. Black Sheep continues to brew much loved cask, keg and bottled beers in the time-honoured fashion, whilst going against the grain with a flow of new and experimental brews.

Bath Ales Brewery

Roger Jones began the company in September 1995 when he rented premises and a brew plant on the outskirts of Wincanton in Somerset, bringing together two other partners, Richard Dempster and Rab Clark. The name Bath Ales was hatched in a sincere attempt to give the brewery an identity with the idea for the hare, inspired by the Westbury White Horse carved in chalk. In September 1997 the three partners purchased The Masons Arms pub in Kingsdown, Bristol. They changed the name to The Hare on the Hill. In February 1998, mainly with the monies from the Hare on the Hill revenue - the pub had been very successful - the brewery was purchased and moved to Siston Common, a location in East Bristol.

Fullers Brewery

Is a independent family regional brewery founded in 1845 in Chiswick, West London. 1845 is a year that will forever be Fuller's. It was then that the partnership papers of Fuller, Smith & Turner were officially signed, marking the start of something very special for London's brewery scene. However, the Fuller's story had been brewing long before then. Beer has been made in this part of the capital for more than 350 years, dating back to the era of Oliver Cromwell.

Following incorporation, a wave of acclaimed ales came out of the brewery. Chiswick Bitter arrived on the scene in 1930. Into the '50s, London Pride took centre stage. Then, in 1971, ESB was launched. Awards started flowing as freely as the beer, and we soon became the first brewery to win the CAMRA Champion Beer of Britain award with three separate brews.

Greene King

It's our rich heritage of more than 200 years that has taught us how to brew award-winning beer and operate pubs from our base in Bury St. Edmunds ever since the company was founded in 1799 by 19 year-old Benjamin Greene. As a company, we pride ourselves on consistently offering exceptional value, service and quality to all our customers. This ethos is central to everything we do in our business: the products that we offer, the ales that we brew, the affordable prices that we charge, the team members who serve our customers.

Hook Norton

Sitting in its beautiful, mellow Cotswold Hills landscape, Hook Norton is a proudly independent and passionate family business that takes the very best of its hand-crafted brewing heritage and combines it with a thoroughly modern approach, to create a range of real ales for today's drinkers to enjoy.

Hook Norton is one of only 32 family owned breweries and is the finest example of a Victorian Tower Brewery in the country. Of course, the brewery is about so much more than just its fantastic range of award winning beers. We welcome over 25,000 visitors a year to our Visitor Centre and 37 of our pubs are at the heart of many of local communities, serving great drink and food to the region.

JW Lees

J.W. LEES

JW Lees is a sixth-generation family brewery company, founded in 1828, based in Middleton in North Manchester. We own 35 managed pubs, inns and hotels and a further 115 tied pubs. Cask beer is at the heart of JW Lees and we brew six cask ales as well as three lagers, three smooth beers and eight limited edition seasonal cask ales which are available throughout at different times of the year. We also have the sole UK distribution rights for Bohemia Regent Premium Lager from the Czech Republic.

Marstons

The foundations of our company were laid in 1890 when three breweries in the midlands came together to form Wolverhampton & Dudley Breweries. We now operate over 1,700 sites in the UK, and the world's largest brewer of Cask Ale. Our flagship Cask brand, Marstons Pedigree, is the only beer in the world brewed using the famous 'Burton Union' system. In 2009 we invented FastCask™, a system that makes it much easier for pubs to store and serve cask ales.

We now operate five breweries producing over 60 of the country's best loved ales at our sites in: Burton on Trent (Marston's), Oxfordshire (Wychwood & Brakspear), Cumbria (Jennings), Hampshire (Ringwood), West Midlands (Banks's) and Bedford (Eagle Brewery).

Sharps

Sharp's Brewery was founded in 1994 in Rock, Cornwall, when enterprising brewer Bill Sharp set out on a mission: to make exceptional quality beer on the North coast of Cornwall. With a small micro brew plant and an ambition to brew 500 pints per week to pay the mortgage, Sharp's Beer was born. Brewed with time honoured brewing techniques and only the finest quality ingredients, our beer developed a signature style that continues to this day; balanced, elegant, highly drinkable with a complexity of flavours and a moreish finish.

Shepherd Neame

The Faversham Brewery is home to Shepherd Neame, Britain's Oldest Brewer. Nestled in the medieval market town of Faversham in Kent, brewing has continued on this site for centuries.

Using natural ingredients, such as mineral water from the town's aquifer and local hops, our brewers produce Kentish ales bursting with character and renowned international lagers. Our brewers blend art and science to produce award-winning beer we want you to enjoy time and time again.

St Austell

Founded in 1851 by Cornishman Walter Hicks, today St Austell Brewery remains 100% independent and family owned. St Austell Brewery operates a growing and diverse business. Our brewery in St Austell produces many of the region's most popular beers for sale in pubs, bars and supermarkets in Cornwall, Devon, across the UK and also overseas.

Timothy Taylor

Timothy Taylor established the Brewery in the centre of Keighley in 1858, moving to The Knowle Spring, our present site, in 1863. The principle of not accepting second best was laid down and remains with us to the present day. This means that the very finest ingredients are used to brew the best possible beers, with Landlord winning many awards.
